When to change your brush head

Dental professionals recommend changing your toothbrush head every three months. Oral-B toothbrush heads contain blue indicator bristles that fade to signal when to replace them. This will ensure that your brush is working its hardest to help keep your teeth clean and healthy.

#1 FOR GILLETTE BLADES

Gillette

Are you sick and tired of trying to buy blades at the supermarket? Frustrated not knowing if it's in stock, if it's at the best price and no one to ask for advice?

Did you know? The average blade lasts 5-6 shaves, and generally you have to purchase refills every 1-2 months.

SHAVEN SHOP

Huge Range

Shaver Shop has a huge Gillette handle and blade range to cater for all your wet shave needs.

Cheap Prices

We guarantee you will be shocked by our low prices!

Plenty in Stock

Our philosophy is simple - if it sells we order in large volumes to ensure customers are never inconvenienced with lines being out of stock.

Expert Advice

Our expert staff will give you the advice that you need to get the best shave possible. Our staff will provide you with great advice for pre and post shaving to ensure you are always looking your best!
